Re: Strides Banner Patch Award

Dear Lion,

Congratulations! We are pleased to honor your club with the "Strides" banner patch award in recognition of your recent event which promoted diabetes awareness.

We sincerely thank you and your fellow Lions for all of your efforts and hard work to organize this activity. You have played an important role in educating your community about early detection and how to prevent and control diabetes. We encourage you to continue building your relationships with community leaders and health-related partners to further awareness.

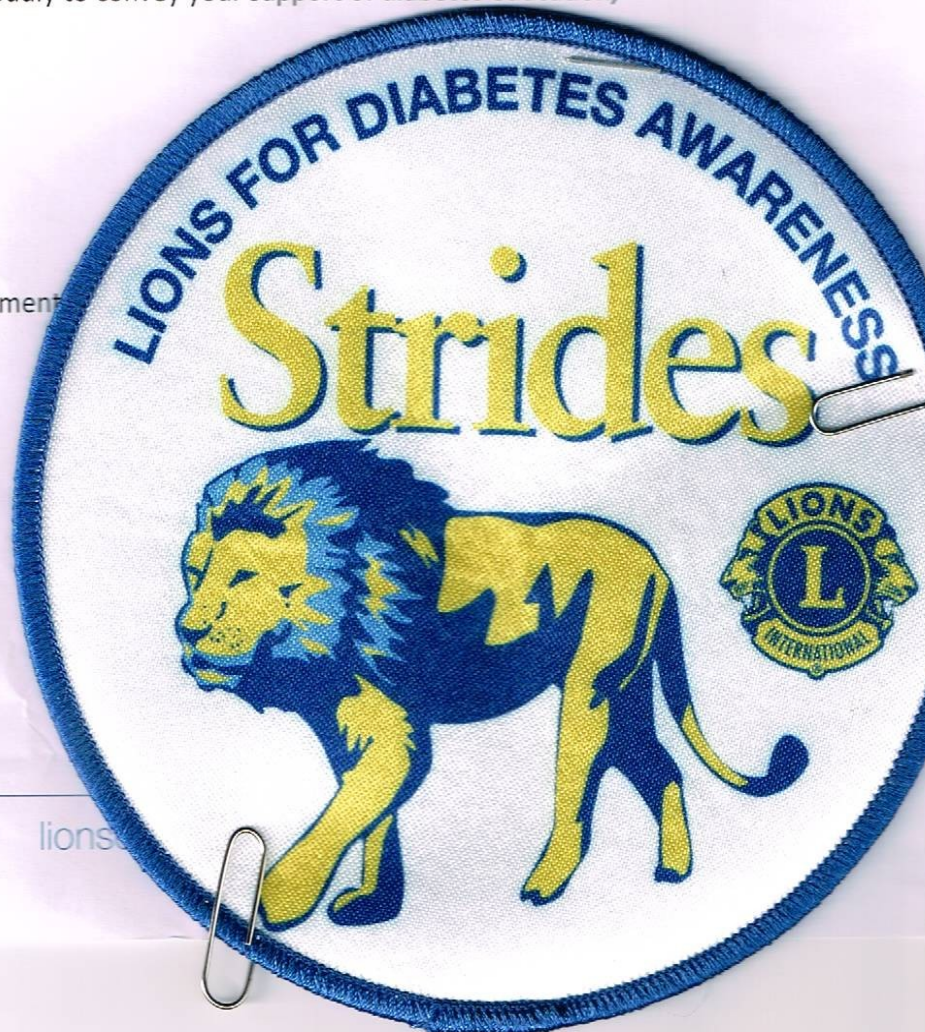

When your club is planning your next event, visit the diabetes publications and diabetes partners pages on the LCI website www.lionsclubs.org. Open the publication links to view colorful, co-branded educational handouts to help you promote diabetes awareness and action. These materials may be ordered for a nominal cost or downloaded and printed. Our diabetes partners page offers Lions a variety of resources to help them locally advance awareness in their community and country.

Again, thank you very much for your participation in the Strides: Lions for Diabetes Awareness program. Display your banner patch proudly to convey your support of diabetes education, prevention, control and research.

Sincerely,

Angela Supernaw, Manager
Programs and Service Initiatives Department
